

Help is Always at Hand

The Good Samaritan Society Telecare® Program has been operating since 1987. For over 20 years, we have been successfully offering support to individuals in numerous communities throughout Canada. The need for this quality service has been demonstrated by positive annual growth in client enrollments and continued support from hospitals, clinics and community centres. No matter where you live whether it is in your own home, senior's apartment or congregate setting such as assisted living, Telecare® can help you to live more independently.

Help is Always at Hand

EMERGENCY RESPONSE

With TeleCare®'s Emergency Response Service, help is just a push of a button away! When you need assistance press the lightweight, waterproof button you wear around your neck or wrist to access TeleCare®. Our highly skilled, caring operators immediately contact the appropriate help – the local emergency service, a family member, a friend or other support you have previously identified. If something were to occur where you could not speak, help will be sent to you.

CARE CALL SUPPORT

There is no equipment required for TeleCare®'s Telephone Support Service. We provide you with reminders about your medication, appointment or meal schedules with one simple phone call. Our operators will call you at the times you arrange, day or night. For more information call TeleCare®.

With TeleCare® you talk to a compassionate, professional person – not a recording!

Why choose The Good Samaritan TeleCare®?

Bring peace of mind to yourself and loved ones

Receive the help that you request – 24 hours a day

Remain living independently in your own comfortable surroundings

Increase your security and confidence

What Our Clients Say

"I honestly believe if it wasn't for my son, your staff and TeleCare®, I wouldn't be here today to write this letter."

"If I did not have The Good Samaritan TeleCare® service I'm sure the outcome might have been more serious and long-lasting. I remain a living ad for your excellent service."
